Cheaper Than Meat.

The high meat bill is a great cause of the high cost of living. Many people believe that meats are absolutely necessary, and they do have the advantage of having a good flavor and being very easily and quickly cooked, but many of us would have bigger pocketbooks and better health if we spent for meat only a sixth instead of a third of what we pay for food. One of the members of the Home Economics faculty of the University of Missouri goes home to the farm every summer where her father and brothers are doing plenty of hard outdoor work. She gives her mother a vacation, takes charge in the kitchen herself, and feeds the household to a large extent on meat substitutes which they seem to find well adapted to their needs.

Fish is not as good a meat substitute as many people believe for while it seems less heavy, it is not less likely to form objectionable acids, but milk, milk products, and eggs are good things to use instead of so much meat. A quart of milk or 8 or 9 eggs has about as high a food value as a pound of the best steak, but on most markets will cost much less. Other wholesome dishes which should be used to take the place of meat are soups, cottage cheese, cream sauces, variously flavored puddings made of milk and cereal of different kinds, and countless other economical, nutritious, easily digested dishes which any good housewife knows how to prepare.

Boiled eggs cooked in water below the boiling point are not as hard to digest as many people believe, but if cooked in very hot water, they are more likely to be leathery and hard to digest. Fried eggs are also more digestible if cooked slowly.

Nuts are becoming more popular as meat substitutes, although many kinds of nuts are not cheaper than meat if bought on the market at present prices.

On many farms, however, it is merely a matter of picking up hickory nuts, hazel-nuts or walnuts instead of letting the hogs get them, and on a great many others it is very easy matter to raise peanuts enough for the family and have plenty to fatten a few hogs.

Those who wish to try some meat substitute dishes can secure directions for making them by writing to the Missouri College of Agriculture at Columbia. We include here two tried at the College.

Cottage Cheese—Use sour milk that has set. Warm it slowly in a double boiler if one it at hand until the whey separates from the curd. Then strain through cheese-cloth, chop fine, mix with milk or cream, season to taste. Be careful not to heat too long or too hot before straining or the curd will be tough.

Creamed Fish in Rice Cases—Line a buttered mold about a quarter of an inch thick with boiled rice. Fill with chopped or boned salmon or other fish to which thick white sauce has been added. Brown slightly in the oven, turn from the mold, and serve.

We Certainly Do Love Work.

We are prepared to do better work and more of it than ever. Why half mix your concrete the old way? Let us mix your concrete the up-to-date way. We have the best mixer on the market. Your concrete does not cost you as much as it did the old way. Yet it is a hundred per cent better, because when we mix it, it's mixed. That's all.

Compare the Cost

TWENTY years ago a farmer borrowed \$1,000.00 at 6 per cent straight on the old fashioned plan. He has renewed the loan at intervals with constant expense of renewal commissions, abstract charges and recorder's fees, and he still owes the principal sum of \$1,000.00. He has paid \$80.00 interest every year for 20 years, a total of 1,200.00.

Total cost to farmer, including \$1,000 still unpaid, \$2,200.00. Under the amortized rural credit plan, his total interest and principal payment would be \$90.76 a year for 20 years, or \$1,815.20. A saving on a loan of \$1,000 of \$ 384.80.

The following table shows the amount of interest saved by borrowing on the amortized or rural credit plan:

Amount Borrowed.	Annual Payment Amortized Loan.	Total Payments, 20 Years.	Interest Saved, Amortized Loan.
\$ 1,000	\$ 90.76	\$ 1,815.20	\$ 384.80
2,000	181.51	3,630.40	769.60
3,000	272.27	5,445.60	1,154.40
4,000	363.02	7,260.80	1,539.20
5,000	453.78	9,076.00	1,924.00
6,000	544.54	10,891.20	2,308.80
7,000	635.29	12,706.40	2,693.60
8,000	726.05	14,521.60	3,078.40
9,000	816.80	16,336.80	3,463.20
10,000	907.56	18,152.00	3,848.00

ASK \$70,000 A DAY FOR BELGIAN RELIEF

"C. R. E." Appeals to America to Help in Feeding 1,000,000 Destitute.

In an effort to alleviate the wretchedness among the destitute in Northern France as revealed in Herbert Hoover's reports recently published, the Commission for Relief in Belgium yesterday issued an appeal to the American people and to American patriotism for additional help in its work. Mr. Hoover stated that lack of food supplies forced a reduction in the daily ration for March almost to the starvation point, and if more help is not immediately forthcoming, the death rate, already doubled in many sections since December, will increase.

In its new appeal the Commission for Relief in Belgium asks for a daily contribution of \$70,000 to feed the 1,000,000 destitute in the enemy-occupied portion of France. This amount is based on seven cents a day, the actual cost of one day's ration for one person.

Look to America for Aid.

"The people of America," the statement reads, "have never been known to shirk their duty when the cry for help from distressed countries reached them. There are millions of happy, prosperous persons in the United States on whom the shadow of the world's tragedy abroad has not fallen. It is to these people that the wall of the helpless women and children in Northern France is directed. The Stars and Stripes mean their very life's sustenance.

Europe knows our generosity through our travelers abroad. The \$70,000 in daily contributions asked for is a small amount from a population of 100,000,000. It can and will be donated. Americans have not given very much to the Commission for Relief in Belgium's work—the total amounts to about \$7,500,000 or about seven and a-half cents per capita. Of course this is not due to any callousness of the American people, but in a manner to thoughtlessness, and if the generous Americans forsake these innocent babes and women they will place a black blot on our national honor. The work of the Commission for Relief in Belgium and Northern France look to America and the American flag to save them, and this life-fund asked is so small to the individual. Take one of those unfortunate victims of the war as your special ward. Contribute seven cents a day to feed her. Give your mite to help relieving her suffering.

Grain For The Skim-Milk Calf.

Calves are usually fed whole milk for two to three weeks, then gradually changed to skim-milk. About the time of changing, begin to feed a little grain but do not think that it is necessary to use oil meal or any other high-priced feed, high in protein, or fat, or both. Experience at the Missouri Agricultural Experiment Station shows that a mixture of two parts of corn and one part of oats, by weight, gives as good results as oil meal and ready-mixed calf meals often purchased at much higher prices. Bran is not especially good for the young calf because it is too laxative. The grain mixture should be fed immediately after the milk, and neither should be fed too liberally or scours may result.—L. W. King, Missouri College of Agriculture.

Whooping Cough.

One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S. W. McClinton, Blandon Springs, Ala., writes, "Our baby had whooping cough as bad as most any baby could have it. I gave him Chamberlain's Cough Remedy and it soon got well." Obtainable everywhere.

Dr. J. Boyd Gordon of Salt Lake City, Utah, arrived Monday evening for a visit with his mother, Mrs. George B. Gordon.

"Chamberlain's Tablets Have Done Wonders for Me."

"I have been a sufferer from stomach trouble for a number of years, and although I have used a great number of remedies recommended for this complaint, Chamberlain's Tablets is the first medicine that has given me positive and lasting relief," writes Mrs. Anna Kadin, Spencerport, N. Y. "Chamberlain's Tablets have done wonders for me and I value them very highly." Obtainable everywhere.

Miss Grace King of Kansas City arrived Monday evening for a visit here with Mr. and Mrs. Hubert Bates.

Deputy Sheriff Joe Waddell and W. T. Tutt went to Higginsville Tuesday to spend the day or business.

Rheumatism.

If you are troubled with chronic or muscular rheumatism give Chamberlain's liniment a trial. The relief from pain which it affords is alone worth many times its cost. Obtainable everywhere.

Mrs. D. W. Layne returned Monday evening to her home in Memphis, Tenn., after a visit here with relatives.

Mr. and Mrs. J. W. Sydnor went to Kansas City Sunday morning for a few days' visit.

A Symbol of Health.

The pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfils its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.
